THE EXOTIC GARDEN

EZE

The most beautiful panorama

Housed in the ruins of a medieval fortress, the exotic garden of Eze offers an exceptional panorama of the Riviera. Perched 429 meters above sea level at the top of the village of Eze. You have a panoramic view from Mont Esterel to the Gulf of Saint-Tropez. The particularity of the garden is its location, on the side of a rock.

EXOTIC GARDEN

FROM EZE

An essential destination for admiring the most beautiful panorama of the Côte d'Azur, the exotic garden of Eze is located in one of the most beautiful hilltop villages in France. A remarkable garden with its collection of plants, it looks like a real open-air museum with statues by Jean-Philippe Richard.

Plant of the whole world

The southern slope of the garden, cacti and succulents line the paths: agaves, cacti, aloes, euphorbias and other crassulaceae.

On the shady and humid northern slope, Mediterranean-type plants adapted to the shade are planted.

A museum open air

The 14 statues by artist Jean-Philippe Richard make the garden an open-air museum.

During your visit, you will discover its damsels of land. Chloé, Justine, Charlotte, Anaïs, Rose des vents, Barbara... are suspended between heaven and earth.
