"CITY AND ARTISTIC CAREERS "

VALLAURIS GOLFE-JUAN

Golfe-Juan Vallauris From land to sea

Vallauris Golfe-Juan is made up of 2 distinct towns. The Golfe-Juan seaside resort is located on 3 km of seafront and Vallauris inside the land, it is a village with a ceramic tradition. The city is appreciated for its marina, its fine sandy beaches and its cultural heritage, but also for the practice of water sports and hiking in the surrounding mountains.

VALLAURIS GOLFE-JUAN

International center for ceramic creation, Vallauris is the result of the encounter between the ancestral know-how of master potters and the genius of the greatest artists. "City and Crafts", it presents a very diversified offer of crafts and ceramic art, exhibition sites, as well as visits to places linked to the famous artist Pablo Picasso.

LEISURE RIVIERA

Guided tour “In the footsteps of Picasso”

Picasso lived in Vallauris from 1948 to 1955, and created many works there. The tourist office takes you on your guided tour through the town, in the footsteps of this Vallaurien like no other. You will be able to discover the Nérolium, the Statue of "The Man with the Sheep" and the National Picasso Museum, with the guided tour of his major work "War and Peace".

Visit of the Pottery Museum and Atelier-Gallery Gilbert Portanier

This private museum, created by an enthusiast, allows you to discover, thanks to the machines and production tools, the different phases of making pottery. Visit Gilbert Portanier's workshop, and admire his colorful ceramics with original shapes.

Calendar events and traditional festivals

On the weekend of July 22 and 23, attend the French Pottery Turner Championship and discover many artists such as Tino Aiello, Vallaurien ceramist.

On Sunday August 13, take part in the pottery festival.

On September 10, take part in the Fête des Paysans.

Enjoy the summer program of the Théâtre de la Mer.

Museums must-haves from Vallauris

The Château-Museum houses 3 museums: The Picasso Museum "War and Peace", the Magnelli Museum which traces the evolution of the pioneer of abstract art, and the Ceramics Museum which allows you to discover the different manufacturing phases. of a pottery.
