The Turtle Village crooked

The Village des Tortues de Carnoules, also known as Tortupôle, is the only turtle rescue center in France. Tortupole is home to more than 1,500 turtles of more than 50 different species, originating from all over the world, some of which are endangered. Visitors can admire these reptiles in their reconstructed natural habitat, as well as in enclosures adapted to each species.

Fun and educational trails

In a fun course, come and discover the turtles:

- in the large greenhouse, and outside: tortoises.
- in the aquarium room: aquatic, tropical and exotic turtles.

The course is entertaining with their educational spaces. These allow children to discover these reptiles and learn how to protect them, while having fun.

A tropical greenhouse

In a tropical greenhouse of 400m² you will see its animals in their terrestrial and aquatic environments such as: •

giant tortoises of the desert, the largest are between 60 and 80 cm.

- soft-shell turtles.
- the batagur turtles of Borneo.

Unusual museum

Explore more than 3,000 unusual shell objects: •

Sculptures by the artist Van Apple. •

objects in the shape of a turtle, materials different and whimsical.

This museum presents 3 exceptional collections made over more than 60 years.

This place is a unique space in the world.

Veterinary center backup center

The Turtle Village is also dedicated to the research and protection of turtles, including working with scientists to better understand these animals and their habitat. The park also participates in captive breeding programs to help preserve endangered species.
