# THE PARK ZOOLOGICAL

FREJUS

# The animal park

## from the Var

The Zoological Park of Fréjus is a family park which extends over 16 hectares. Come discover and observe its 400 animals in the middle of nature: hippopotamus, white tiger, llama, zebra, lemur, snake! Observe its 100 species from 5 continents and learn their way of life.

# THE PARK ZOOLOGICAL

The zoological park of Fréjus is an ideal place to spend a day with the family and discover many animal species in a natural Mediterranean and preserved environment. It offers a unique and enriching experience for visitors of all ages.

**OUR OPINION RIVIERA LOISIRS**

## **100 wild species on 16 hectares**

You will meet a couple of fennec foxes, a tribe of Flamingos from Cuba and Chile, a family of Lamas and Lions, 2 Bengal Tiger brothers, a family of Grant's Zebras, magnificent birds of the White-fronted Amazon family, yellow-fronted and yellow-headed, the 2 Hippopotamus friends, the Nenette and Jimmy chimpanzee family and many other species!

# The passionate park keepers

The zoo keepers are very attached and dedicated to the well-being of the animals and the preservation of the ecosystem. The Fréjus Zoological Park team knows perfectly the character and habits of its residents. During the animations, the healers present the food of the animals, their way of life as well as their evolution.

# Animations educational

During the animations, you will have the chance to exchange with the keepers. Many activities are offered. You will be able to learn more about certain species during their “Taste” with the healers. “Enrichment activities” are also offered to visitors. Their purpose is to reproduce what the animal does in its original environment while promoting its physical activity.

## A flora lush

The Zoological Park of Fréjus is home to many plants. It adapts to the seasons and offers the park a different setting throughout the year. Take advantage of Mediterranean plants: cactus, lotus, laurels, strawberries, daffodils, water lilies...
